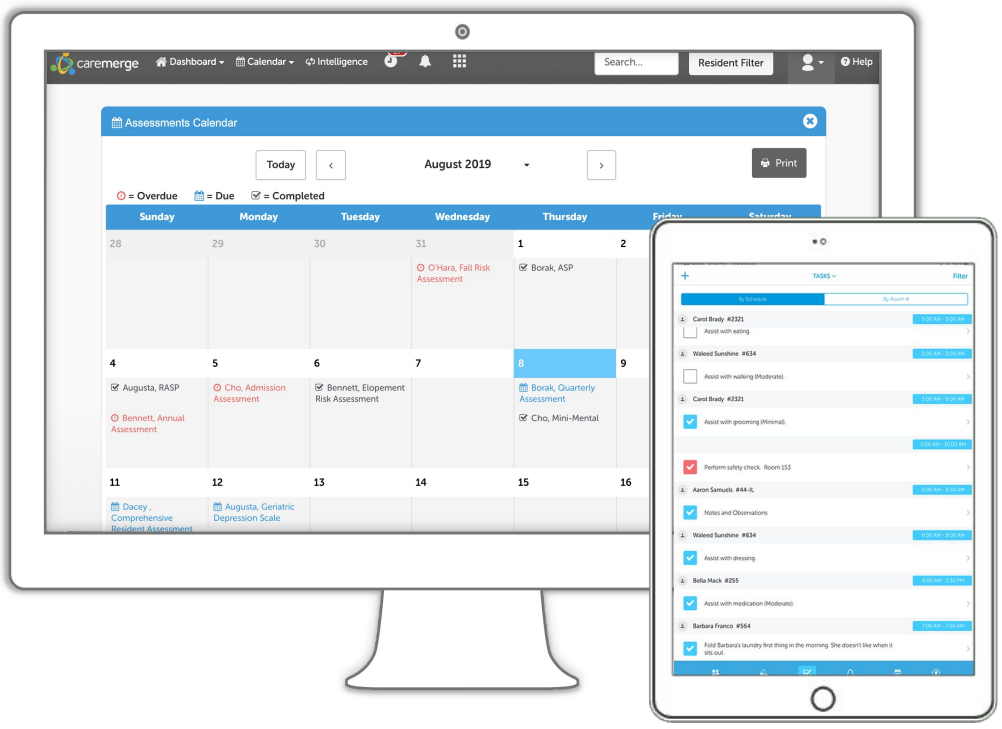
caremerge

Senior Living EHR & eMAR

Improve Compliance and Care Team Efficiency

Caremerge Clinical Solutions for Senior Living help streamline workflows and empower caregivers to provide a better level of care. Built for Assisted Living and Memory Care settings, this user-friendly platform helps provide a 360 degree view of the health and wellness of your residents.



Senior Living EHR

- **Ease assessment workflow** with our built in Assessments Library and Calendar
- **Maintain compliance** with integrated Incident Reporting
- **Quickly execute ADLs and care tasks** with our Point of Care App
- **Create intuitive Care Plans** directly from Assessments

Senior Living eMAR

- Monitor compliance in one simple dashboard
- Improve efficiency and resident care with real-time alerts
- Streamline medication management with pharmacy integrations
- Train and retain talented caregivers with a simple and intuitive solution
